PRICE RANGE \$\$\$\$ - \$1 million to \$2 million

HOME IS NOT FOR SALE

Situated in beautiful Promontory, JC Luxury Homes has created a gorgeous, modern mountain custom designed home. This property is surrounded with breathtaking views from every window and showcases the latest trends in architecture and design.

Upon entering the home, you will notice and feel the quality of the construction, the attention to every detail, and the comforts desired for relaxing with family or entertaining friends. The interior boasts carefully selected finishes and flooring, iron handrails that run up and surround the staircase, JC Luxury Home's signature 'glass office', a floor to ceiling stone encased fireplace, and a chef's dream kitchen decked in the latest, top of the line appliances. As you enter the family room, one can't help but be drawn into the view outdoors that is framed by the towering, picture window retractable doors. Take a walk past the doors as they open and lead you onto a large, wraparound outdoor living space. The views continue upstairs from the retreat of the master bedroom with an adjoining private office and stunning master bath. Downstairs, don't miss the spacious walk in wine cellar and the warmth and beauty of the hand crafted built in entertainment wall.

Make no mistake, this home is designed to live large and efficient. Every amount of space is carefully planned and utilized as this family home is scaled smaller than the family homes of 'yesterday'. The space is comfortable yet open and spacious.

JC Luxury Homes has once again created and delivered an exceptional property with integrity, excellence, and a level of service that separates them from all others. This is what luxury living is all about.
